

Setting Up International Travel Notices

To ensure your debit card works while you're abroad, we recommend setting up a travel alert. This can easily be done using the Martha's Vineyard Bank mobile app, available through the Apple App Store or the Google Play Store. We suggest setting up travel alerts while you are still in the U.S.

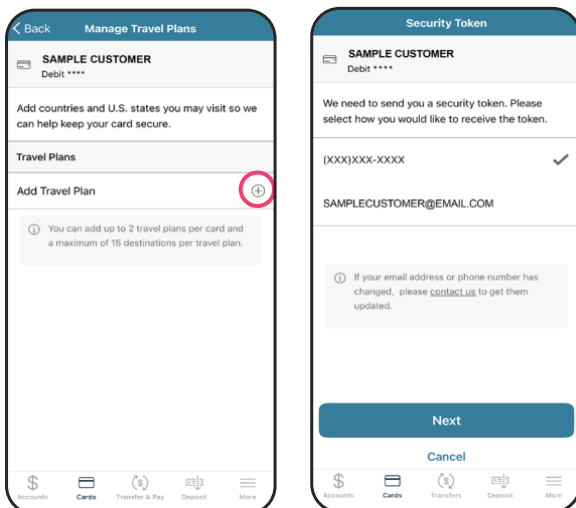

1. Open our app, log in, and tap the Cards tab at the bottom.

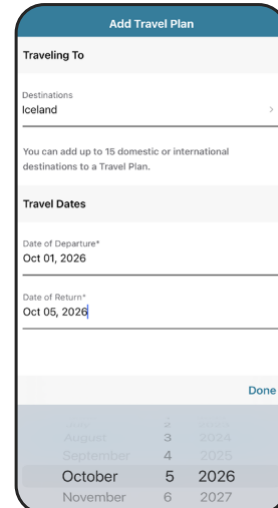

2. Scroll to Manage Card and select Manage Travel Plans.

3. Click "+" to add travel details. Verify your identity with the security token we send you.

4. Add your destination(s), travel dates, and click Submit.
